U.S. EXPORTS OF BEEF BREEDING CATTLE CALENDAR 1973 // [statistics]

USDA veterinary inspection export certificates of beef breeding cattle during 1973 placed export totals at 26,904 head, representing an increase of 86 percent over the 14,431 head exported in 1972, and 41 percent above the 1971 total of 19,056. The 1973 exports were the second highest on record, surpassed only in 1969 when 29,669 head were exported. According to the U.S. Bureau of Census statistics, total value was $22.5 million in 1973, compared with $13.3 million in 1972, and $9.5 million in 1971.

Canada continued to be the most important export outlet for U.S. beef breeding cattle, taking 13,554 head in 1973, compared with 4,860 in 1972, and 9,873 in 1971. Exports of beef breeding cattle to Canada in 1973 were 50 percent of total U.S. exports. Mexico ranked second as a market outlet, taking 5,822 head in 1973, compared with 3,921 head in 1972—an increase of 48 percent—and 6,066 head in 1971. Costa Rica held on to third place, with 966 head in 1973—a 45 percent decrease from the 1,757 total for 1972, and a 64 percent decrease from 2,697 head in 1971.

The main factor contributing to the large increase in U.S. exports of breeding cattle was the increased sales of 8,694 head to Canada. Another factor was the increase in cattle sales to Mexico, which were up 1,901 in 1973, compared with 1972. Other countries increasing their imports during 1973, compared with 1972, include Italy, Hungary, Republic of South Africa, and the Republic of Korea.

Crossbreeds took over first place as the leading export type during 1973, with a record 6,962 head, compared with 1,356 head in 1972, when they ranked fifth in export importance. Canada was the leading foreign market for crossbreeds in 1973, taking 5,658 head, followed by Italy, 895 head; and Mexico, 382 head. Other countries taking smaller numbers include the Republic of China (Taiwan), Guatemala, and Honduras.

Charolais ranked second as an export breed, with 5,504 head, compared with 2,502 head in 1972. Canada was also the most important export market for Charolais, taking 3,818 head in 1973, compared with 806 head in 1972; and followed by Mexico, with 848 head; and Costa Rica, 479 head. Other foreign countries taking Charolais include Italy, the Dominican Republic, Haiti, Guatemala, the Republic of China, El Salvador, Ecuador, and Venezuela.

Brahman fell to third place as the most important export breed, after ranking second in 1972. Exports of U.S. Brahman cattle during 1973 totaled 3,963 head, compared with 2,972 head in 1972, for an increase of 991 head. Mexico was the most important foreign market for Brahman, taking 709 head; followed by Guatemala, 678 head; El Salvador, 627; Nicaragua, 468; and the Republic of South Africa, 361.

Hereford ranked fourth, with 3,443 head exported in 1973, compared with 3,007 head in 1972. Mexico was the most important outlet, taking 1,964 head; followed by Hungary, 526 head; Canada, 502; Japan, 132; and Spain, 120. Brahmans were exported to 24 foreign countries in 1973.

Angus ranked fifth as an export breed, with 1,763 head exported in 1973, compared with 1,884 in 1972. Santa Gertrudis ranked sixth, with exports totaling 1,245 head, compared with 1,263 in 1972.

"Exotic" breeds continued to increase in popularity as an export animal, with Simmental leading with 747 head, compared with only 147 in 1972; followed by Limousin, 631 head in 1973, compared with 162 head in 1972; and Maine-Anjou, 395 head in 1973, compared with only 3 head in 1972.

In 1973 U.S. breeding cattle were shipped to 41 foreign countries from 46 States. Texas again was the leading export State with 7,885 head, followed by Montana, 4,738 head; North Dakota, 2,728; Florida, 2,233; and South Dakota, 1,267.
